NOTE IMPORTANTI PER L'UTILIZZO E LO STOCCAGGIO DEI PRODOTTI

Marcatura CE

Si precisa che ogni prodotto fa parte di un kit di sospensione/collegamento, per la congiunzione al sistema di fissaggio superiore e all'elemento di supporto, nei sistemi costruttivi a secco, **per l'impiego all'interno di edifici**.

I vari componenti sono individuati nel catalogo e nel listino dalla dicitura CE.

Ogni prodotto soggetto a marcatura CE è provvisto di Dichiarazione di Prestazione (DOP).

Durabilità: classe B (Componenti dell'edificio esposti a un'umidità relativa variabile fino al 90% e a temperature variabili fino a 30°C ma **senza agenti inquinanti corrosivi**).

Prodotti in classe C5-M: i prodotti in classe C5-M possono essere utilizzati in edifici o aree con condensa quasi permanente e con alto inquinamento (es. piscine coperte).

Consigli per lo stoccaggio dei profili

Immagazzinare i pacchi in luoghi coperti con un'atmosfera relativamente secca ed ad una temperatura il più costante possibile, al fine di evitare fenomeni di condensa che possono ridurre lo strato di passivazione a protezione della superficie zincata.

Nell'eventuale immagazzinamento esterno (**sconsigliato**), utilizzare una copertura che assicuri perfettamente la protezione del materiale contro le intemperie (pioggia, nebbia, neve), avendo cura di porre i pacchi leggermente inclinati. Questa copertura deve comunque essere tale da consentire un'adeguata areazione (non mettendo a contatto diretto le due superfici), in modo che l'umidità non si depositi e crei fenomeni di condensa.

CONDIZIONI GENERALI DI VENDITA

- Il pagamento delle forniture dovrà avvenire entro i termini concordati in sede di conferma d'ordine.
- I termini di approntamento, spedizione e consegna avverranno entro il più breve tempo possibile.
- Eventuali ritardi non potranno quindi dar luogo in nessun caso a risarcimento di danni, anche parziale.
- I costi del trasporto e dell'imballaggio per ogni spedizione saranno inclusi nel prezzo di vendita, salvo il mancato raggiungimento del minimo d'ordine concordato.
- Non si accettano in nessun caso resi di prodotti su misura.
- I resi (solo per i prodotti standard) vengono effettuati con un deprezzamento pari al 30% sul valore di acquisto (per spese di rimborso e gestione varia della merce), a confezione integra e previa verifica dello stato del materiale. Le date di produzione dovranno essere inferiori ad un anno.
- Il trasporto dei resi è a carico del committente.
- I prezzi si intendono I.V.A. esclusa.
- Per difetti di progettazione e di fabbricazione dei prodotti è prestata una garanzia di 24 mesi dalla consegna del bene.
- Per ogni controversia si riconosce esclusivamente competente il foro di Treviso.
